

Data Platform Migration

Quick Start Package

A fixed-scope, fixed-duration engagement to help enterprises accelerate data platform modernization with lower risk and faster time-to-value.

This offering includes Discovery, Assessment, and Proof-of-Concept phases to validate the migration approach before full-scale execution.

Fixed Price: \$15,000

Duration: 4 Weeks

Co-sell eligible where applicable and partner modernization programs

What's Included?

- Workload categorization & readiness assessment
- Migration plan & roadmap
- Sample data pipelines (ETL / ELT)
- SQL & Spark conversion samples
- Automated validation of data, schema, and logic
- Performance benchmarking & optimization insights

5X
